

BEHAVIORAL HEALTH

As a Mental Health professional, you may face constant hurdles with insurance companies. Every day, you are juggling complex coding rules, authorization renewals, and strict proof of medical necessity. One missed detail can do more than just hold up a check it can jeopardize the stability of your entire practice.

We don't just process claims, we protect your revenue. We partner with mental health professionals to stabilize cash flow by proactively checking for errors, staying ahead of patient approvals, and fighting to overturn unfair denials.

Targeted Solutions for Behavioral Health:

Precision Coding & Audit Prevention

We review your usage of time-based codes (e.g., 90837 vs. 90834) against documentation standards before submission.

Benefit : You capture the full value of every session while minimizing audit risk.

Telehealth & Authorization Safeguards

Our team verifies coverage & authorizations 48 hours before appointments and ensuring correct modifiers are applied every time.

Benefit : It eliminates administrative write-offs and ensures you are paid for every minute of care provided.

Clinical Appeals Strategy

We don't just accept denials. We draft custom appeals using clinical justification for various levels of appeals to fight any unfair decisions.

Benefit : We recover revenue that standard billing services often write off.

2025 Performance Snapshot

WHAT WE SPECIALIZE IN: OPERATIONAL EXCELLENCE

1. Coding & Provider Education

- **How We Do It:** We implement continuous feedback loops, reviewing your code selection against documentation to flag under-coding or compliance risks.
- **The Benefit:** You capture the full value of your services and maintain a 99% First-Pass Claim Acceptance rate, virtually eliminating front-end rejections.

2. Complex Billing Strategy (Modifiers & MPPR)

- **How We Do It:** We utilize advanced logic for Multiple Procedure Payment Reductions (MPPR) and precise modifier usage to unbundle distinct services.
- **The Benefit:** Prevents insurance payers from unfairly bundling your services, ensuring you are paid for every distinct procedure performed in a single visit.

3. Adaptive Compliance & Trend Monitoring

- **How We Do It :** Our team regularly monitors the latest payer bulletins and coding trends, rather than reacting months later.
- **The Benefit :** Protects your practice from sudden revenue dips caused by obsolete codes or new policy restrictions.

4. Strategic Denial Management & Appeals

- **How We Do It:** We categorize denials by root cause and construct targeted, clinically-substantiated arguments for each specific case.
- **The Benefit:** Resolves disputes faster and drives a proven increase in net collections of up to 97%.

5. Accelerated Cash Flow Management

- **How We Do It:** We execute daily aggressive follow-ups on aging claims and payment analysis to catch underpayments immediately.
- **The Benefit:** Drastically reduces your Days in A/R to well under 30 days, giving you predictable, consistent revenue you can bank on.
