PRIMARY CARE

Streamlined RCM for Primary Care Providers

Primary care handles everything from annual wellness visits to chronic condition management and urgent care. The wide range of services, high patient volume, and payer variability make accurate documentation and efficient billing essential.

Billed Right equips primary care practices with the tools and education to boost collections and reduce administrative stress.

Every practice is different, that's why we customize our solutions to address your most pressing billing issues, such as:

- ✓ **Clarifying documentation** for preventive vs diagnostic services.
- ✓ **Educating providers** on modifier usage when E&M and procedures occur on the same day.
- ✓ **Helping reduce denials** tied to incomplete or inconsistent documentation.

Billed **200+** MILLION in 2024

20 Days in AR | 48 TAT Hours | 26 Days TAT for payment
